# PEM01

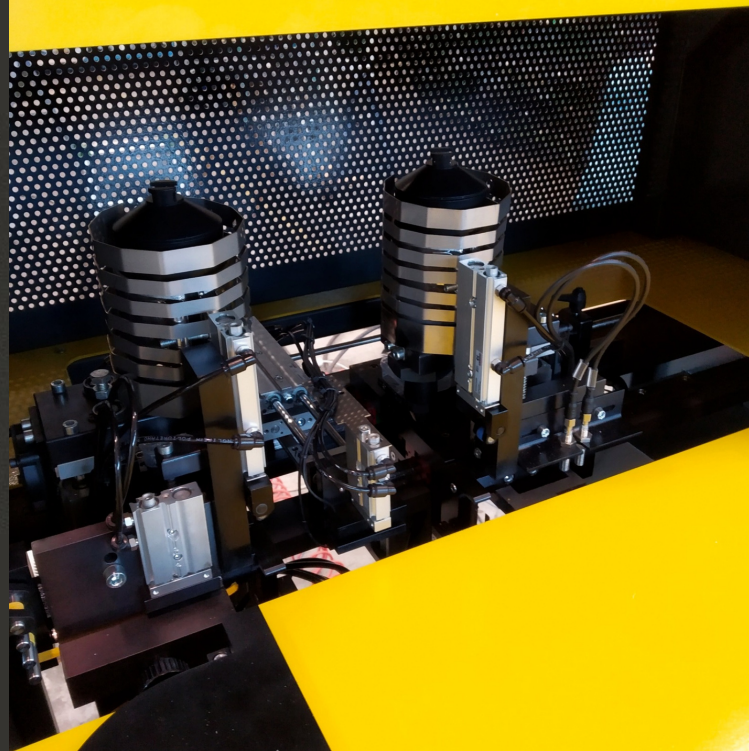

ELASTIC INSERT MACHINE

## HOW IT WORKS

Semi-automatic machine to thread and to glue one flat elastic tape 5 mm up to 10 mm large onto flat agenda covers ( option 12 mm ). Simple machine that works in 3 step and fix with Hot Glue the Elastic represent the only easier and professional solution at right price for your ROI in the Graphics art Market. System work as we said at step in 3 different operation in sequence : transporting, perforation, inserting and cutting under measure, gluing the elastic fixing the position. All these operation are executed in sequence without any interference from the operator.

**Italian design and TOP  
performance for a  
unique machine**
